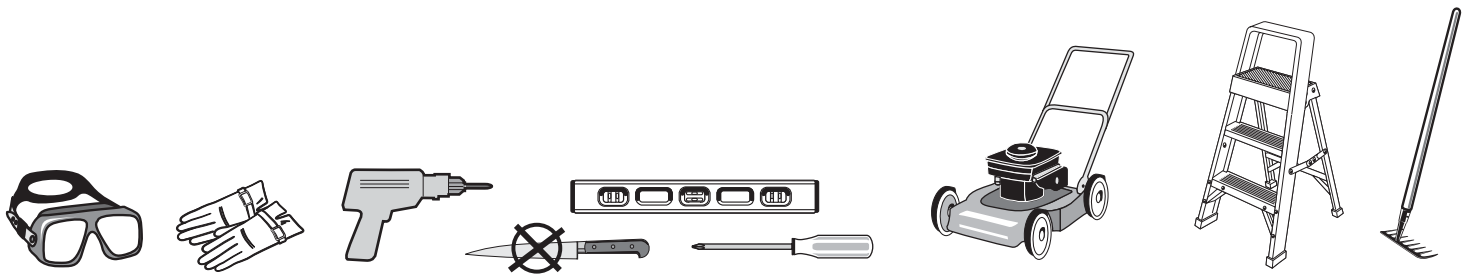
REQUIRED TOOLS | OUTILS EXIGÉS | HERRAMIENTAS NECESARIAS | BENÖTIGTE WERKZEUGE BENODIGD GEREEDSCHAP | ATTREZZATURA OCCORRENTE | FERRAMENTAS NECESSÁRIAS

The following tools are required for shed assembly | Pour construire votre remise, vous aurez besoin des outils suivants **| Für die Montage des Gartenschuppens benötigen Sie folgende Werkzeuge |** Las siguientes herramientas son necesarias para armar el cobertizo **| De volgende gereedschappen worden vereist voor het monteren van het schuurtje |** Il montaggio richiede i seguenti utensili **| São necessárias as seguintes ferramentas para a montagem do abrigo de jardim:**



LEVEL THE GROUND | NIVELLEMENT DU SOL | NIVELE EL SUELO | SORGEN SIE FÜR EINE EBENE GRUNDFLÄCHE MAAK DE GROND WATERPAS | METTERE IL TERRENO A LIVELLO | NIVELAR O SOLO

Please select your construction site carefully | The ground surface must be level | it is highly recommended that you construct a wooden or concrete | base to use as a foundation.

Veuillez sélectionner le site de votre construction avec précaution. La surface du sol doit êtreplane | il est fortement recommandé de construire une base en bois ou solide afin de l'utiliser comme fondation.

Seleccione con cuidado el lugar donde colocará su cobertizo | la superficie del suelo debe ser pareja | le recomendamos especialmente que construya una base de madera o cemento para usar como cimiento.

Bitte wählen sie ihren montagestandort sorgfältig aus | die bodenfläche muss eben sein. Es wird empfohlen, dass sie eine holz-oder betonunterlage als fundament anlegen.

Selecteer met zorg uw bouwplaats | het oppervlak van de grond moet vlak zijn | het wordt ten zeerste aangeraden dat u een houten of betonnen basis maakt om als fundament te gebruiken.

Scegliere con cura la posizione ove montare la casetta | la superficie del terreno deve essere ben livellata | si raccomanda vivamente di costruire un basamento in legno o in calcestruzzo, da utilizzare come fondamenta.

Por favor, escolha o local de construção cuidadosamente | a superfície do solo deve ser nivelada | recomenda-se vivamente que construa uma base de madeira ou de cimento para usar como fundações.

LEVEL THE GROUND | NIVELLEMENT DU SOL | NIVELE EL SUELO | SORGEN SIE FÜR EINE EBENE | GRUNDFLÄCHE MAAK DE GROND WATERPAS | METTERE IL TERRENO A LIVELLO | NIVELAR O SOLO

Clear area of stones | Remove all plants, roots and other obstacles | Rake the ground | Make ground level using a long, flat object (e.g. wood beam)

Retirez toutes les pierres | Arrachez toutes les plantes, racines et autres obstacles | Ratissez le sol | Aplanissez le sol à l'aide d'unobjet long et plat (une planche en bois par exemple)

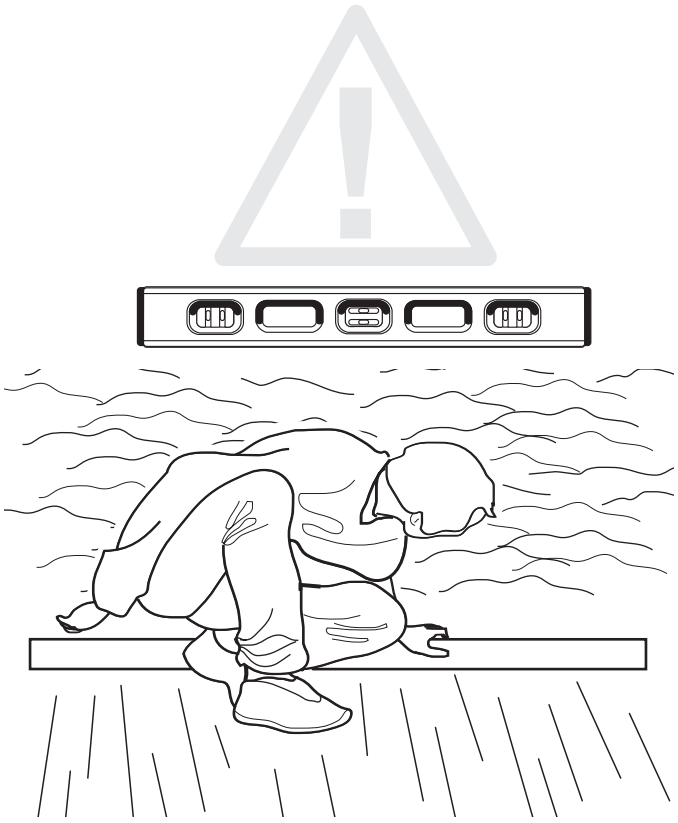
Saque las piedras del área | Retire todas las plantas, raíces y otros obstáculos | Rastrille la tierra | Nivele el suelo usando un objeto largo y plano (por ejemplo, una viga de madera).

Beseitigen Sie Steine | Entfernen Sie alle Pflanzen, Wurzeln und andere Hindernisse | Pflügen Sie den Boden durch | Ebenen Sie den Boden mit Hilfe eines langen, flachen Objektes (wie z.B. eines Holzbalken) aus.

Verwijder stenen | Verwijder alle planten, wortels en andere obstakels | Hark de grond | Maak de grond met een lang, vlak onderwerp (bijv. een houten balk) waterpas

Eliminare le pietre | Rimuovere piante, radici e altri ostacoli | Livellare il terreno | Mettere a livello il terreno utilizzando un oggetto lungo e piatto (ad es. un asse di legno)

Retire as pedras do local | Retire todas as plantas, raízes e outros obstáculos | Alise o local | Nivele o solo utilizando um objecto comprido e plano (por exemplo, uma trave de madeira)



ASSEMBLY REQUIRES TWO PEOPLE | LE MONTAGE DOIT ÊTRE EFFECTUÉ PAR DEUX PERSONNES **| SE NECESITAN DOS PERSONAS PARA ARMARLO |** ZWEI PERSONEN ZUR MONTAGE NOTWENDIG **| MONTAGE VEREIST TWEE PERSONEN |** MONTAGGIO RICHIEDE DUE PERSONE **| A MONTAGEM EXIGE DUAS PESSOAS**

SPATULA | SPATULE | ESPÁTULA | SPACHTEL | SPATEL | SPATOLA | ESPÃTULA

- Use spatula (part "SPA") for easier insertion of panel into profile.
- Utilisez la spatule (partie « SPA ») pour une meilleure insertion du panneau dans le profil.
- Utilice una espátula (pieza "SPA") para una mejor inserción del panel en el perfil.
- Benutzen Sie den Spachtel (Bezeichnung „SPA"), um die Platten leichter in die Nut einführen zu können.
- Gebruik spatel (onderdeel SPA) voor het gemakkelijk invoeren van het paneel in het profiel.
- Utilizzare la spatola (parte SPA) per inserire il pannello più facilmente nel profilo.
- Utilize uma espátula (peça "SPA") para facilitar a inserção do painel no perfil.

CAUTION | AVERTISSEMENT **| ADVERTENCIA |** WICHTIG **| WAARSCHUWING |** ATTENZIONE **| ATENÇÃO**

Some parts have steel edges | Please be careful when handling components | Always wear work gloves, eye protection and long sleeveswhen assembling or performing any maintenance on your shed | Do not attempt assembly on days with strong winds or low temperatures.

Certaines pièces ont des bords en acier | Soyez prudent en les manipulant | Portez toujours des gants de travail, des lunettes de protection et des vêtements à manches longues lors de l'assemblage ou de l'accomplissement d›activités de maintenance sur votre abri | N'essayez pas de réaliser le montage les jours de grand vent ou de grand froid | Veuillez vérifier régulièrement que les vis sont bien serrées.

Algunas partes tienen bordes de acero | Tenga cuidado al manejar estos componentes | Use siempre guantes de trabajo, anteojos protectores y mangas largas para armar el cobertizo o realizar cualquier tarea de mantenimiento en el mismo | No intente armar el cobertizo en días de viento fuerte o de baja temperatura.

Manche Teile haben Stahlkanten, bitte seien Sie vorsichtig beim Umgang mit diesen | Tragen Sie bei der Montage des Gartenschuppens oder Wartungsarbeiten stets Arbeitshandschuhe, eine Schutzbrille und Kleidungsstücke mit langen Ärmeln | Versuchen Sie nicht, den Gartenschuppenbei starkem Wind oder niedrigen Temperaturen zu montieren.

Sommige onderdelen hebben stalen randen | Wees voorzichtig met het omgaan met deze onderdelen | Draag altijd werkhandschoenen, oogbescherming en lange mouwen als u uw schuurtje monteert of onderhoud | Probeer niet te monteren op dagen met sterke wind of lagetemperaturen.

Alcune parti presentano bordi in acciaio | Fare attenzione nel maneggiare i componenti | Indossare sempre guanti da lavoro, protezioni per gli occhi e maniche lunghe durante il montaggio o durante la manutenzione | Evitare di effettuare il montaggio in presenza di forte vento o bassetemperature.

Algumas peças têm extremidades de aço | Tenha cuidado ao manusear este componentes | Utilize sempre luvas e óculos de protecção,assim como vestuário comprido ao montar ou efectuar qualquer procedimento de manutenção no seu abrigo de jardim | Não monte o abrigo de jardim em dias de vento forte ou de baixas temperaturas.

BEFORE STARTING ASSEMBLY | AVANT DE COMMENCER LE MONTAGE **| ANTES DE EMPEZAR EL ARMADO |** VOR MONTAGEBEGINN **| VOORDAT U BEGINT TE MONTEREN |** PRIMA DI INIZIARE IL MONTAGGIO **| ANTES DE INICIAR A MONTAGEM**

Remove all of the pieces from the package and spread them out on the ground | It is recommended to use a clean work surface to spread the parts out and for pre-assembly steps | Review all instructions before you begin, continue to refer to instructions duringassembly | Be sure to follow all steps thoroughly | Parts are color coded in instructions to indicate which parts shall be used during a given stage | Please prepare these components in advance at the beginning of each stage.

Sortez toutes les pièces du paquet et disposez-les sur le sol | Il est recommandé d'utiliser une surface de travail propre pour répartir les pièces à l'extérieur et pour les étapes de ré-montage | Lisez bien toutes les instructions avant de commencer et continuez à vous y référer pendant le montage | Assurez-vous de suivre scrupuleusement toutes les étapes | Les pièces sont présentées suivant un code de couleurs dans les instructions pour indiquer clairement celles à utiliser à chaque étape | Veuillez les préparer à l'avance au fur et à mesure des étapes.

Saque todas las piezas del paquete y extiéndalas en el suelo | Se recomienda usar una superficie de trabajo limpia para diseminar las partes y para realizar los pasos de prearmado | Lea todas las instrucciones antes de empezar, y siga remitiéndose a ellas durante el armado | Asegúrese de seguir todos los pasos con atención | Observe que las partes están codificadas con colores diferentes en las instrucciones para indicar qué parte se debe usar en cada etapa | Se recomienda preparar las partes antes de empezar cada etapa.

Alle Teile aus der Verpackung nehmen und auf dem Boden ausbreiten | Es wird empfohlen, die Einzelteile auf einer sauberen, glatten Unterfläche auszubreiten und Vorbereitungen für den Zusammenbau zu treffen | Lesen Sie die Anleitung vor Beginn der Montage gründlich durch und richten Sie sich dann nach dieser | Vergewissern Sie sich, dass Sie allen Montageschritten genau folgen | Inder Anleitung sind die Teile farblich gekennzeichnet, um so anzuzeigen, welches Teil in welcher Aufbauphase benötigt wird | Bitte sortieren Sie die Teile zu Beginn jeder dieser Phasen.

Verwijder alle onderdelen uit de verpakking en spreid ze uit op de grond | U wordt aanbevolen een schoon werkoppervlak te gebruiken om de onderdelen op uit te spreiden en voor de voorbereiding op de montage | Bekijk alle instructies voordat u begint en raadpleeg tijdens de montage de instructies | Zorg dat u alle stappen uitvoerig opvolgt | In de instructies zijn de onderdelen met kleurengecodeerd om aan te geven welke onderdelen u tijdens een gegeven fase dient te gebruiken. Voordat u met elke fase begint, dient u de onderdelen klaar te leggen.

Rimuovere tutti i pezzi dall'imballaggio e disporli a terra | Si raccomanda l'uso di un piano da lavoro sgombro per la sistemazione dei componenti e lo svolgimento delle fasi di preassemblaggio | Rileggere tutte le istruzioni prima di iniziare e continuare a fare riferimento alle istruzioni anche durante il montaggio | Accertarsi di seguire attentamente tutte le procedure | Nelle istruzioni le parti sono contraddistinte da codici colorati che servono a indicare quelle da utilizzare nel corso di una particolare procedura | Preparare questicomponenti all›inizio di ogni fase.

Retire todas as peças da embalagem e espalhe-as no solo | Recomenda-se o uso de uma superfície de trabalho limpa para distribuir as peças e para os passos de pré-montagem | Leia todas as instruções antes de iniciar e consulte-as durante a montagem. Siga atentamente os seguintes passos | As peças estão marcadas com cores nas instruções para indicar quais deverão ser montadas numa determinada fase de montagem | Prepare antecipadamente estes componentes no início de cada fase.

SCREWS | VIS | **SCHRAUBEN** | TORNILLOS | **SCHROEVEN** | VITI | **PARAFUSOS**

- Please refer to the screw index below to find the actual screw size.
- Veuillez vous référer à l'index des vis ci-dessous pour trouver la taille de la vis réelle.
- Remítase al indice los tornillos presentado a continuación para informase sobre el tamaño real de los mismos.
- Bitte benutzen Sie die u.a. Tabelle um die richtige Schraubengröße zu bestimmen.
- Raadpleeg de schroevenindex hieronder om de feitelijke schroevengrootte te vinden.
- Consultare l'elenco viti riportato sotto per individuare l'effettiva misura delle viti.
- Por favor, consulte o índice de parafusos abaixo para identificar o tamanho certo do parafuso.

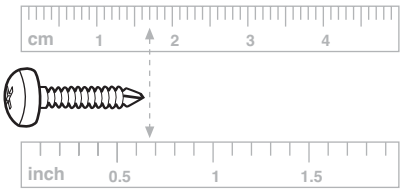
S10b(x8) 12mm



- Use a powerful electric screwdriver. The screw should drill itself to a metal profile.
- Utilisez un tournevis électrique puissant. La vis doit percer elle-même une tablette de métal.
- Use un destornillador eléctrico potente. El propio tornillo debería perforar el contorno de metal.
- Verwenden Sie bitte einen leistungsstarken, elektrischen Schraubenzieher. Die Schraube soll sich in das Metallprofil hineinschrauben, ohne vorzubohren.
- Gebruik een krachtige electrische schroevendraaier. De schroef moet zichzelf in een metalen profiel boren.
- Usare un cacciavite elettrico con buona potenza. La vite si filetterà automaticamente nel profilo metallico.
- Utilize uma chave de fendas elétrica potente. O parafuso deve atarrachar-se num contorno de metal.

- All measurements are approximate; there may be deviation in the range of +- 0.2"/ 0.5 cm
- Toutes les dimensions sont données à titre indicatif ; une variation de l'ordre de +/- 0,2 po / 0,5 cm peut être observe
- Todas las medidas son aproximadas. Puede existir una desviación en torno a +/- 0,2"/ 0,5 cm
- Alle Maßangaben sind ungefähre Angaben; es kann Abweichungen von +/-0,5 cm geben
- Alle metingen zijn bij benadering; een afwijking in het bereik van ± 0,2 inch/0,5 cm is mogelijk
- Tutte le misure sono approssimative; è possibile uno scarto nell'ordine di +- 0.2"/ 0.5 cm
- Todas as medições são aproximadas; pode ocorrer um desvio na ordem de +- 0.2"/ 0.5 cm
- Wszelkie rozmiary mają charakter przybliżony. Możliwe są różnice w granicach ± 0,2 cala / 0,5 cm

- Packaging may contain some additional small parts to be kept for use as spare parts.
- L'emballage peut contenir des petites pièces supplémentaires à conserver comme pièce de rechange.
- El embalaje puede contener algunas partes pequeñas adicionales que se deben guardar para ser usadas como repuestos.
- Die Verpackung kann eventuell zusätzliche Kleinteile enthalten, die in Zukunft als Ersatzteile verwendet werden können.
- De verpakking kan enkele extra kleine onderdelen houden die als reserveonderdelen kunnen worden gebruikt.
- A embalagem poderá conter algumas peças pequenas adicionais que servem para ser usadas como peças sobresselentes.
- La confezione potrebbe contenere piccole parti supplementari da utilizzare come parti di ricambio.

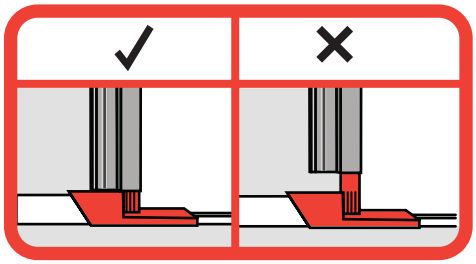
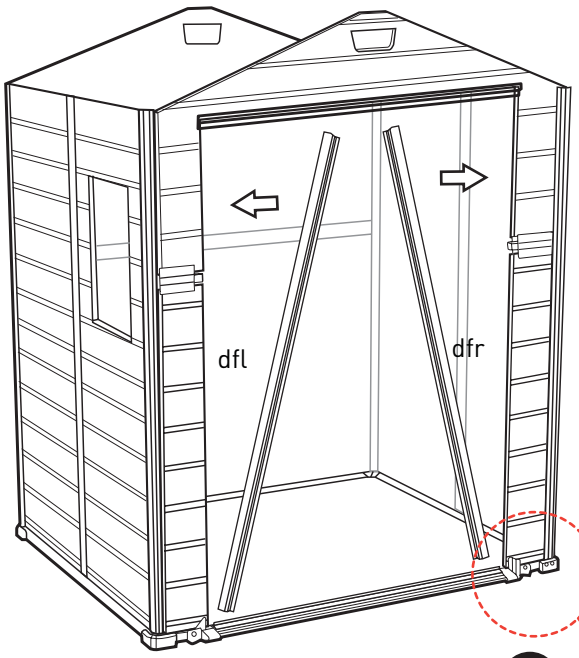
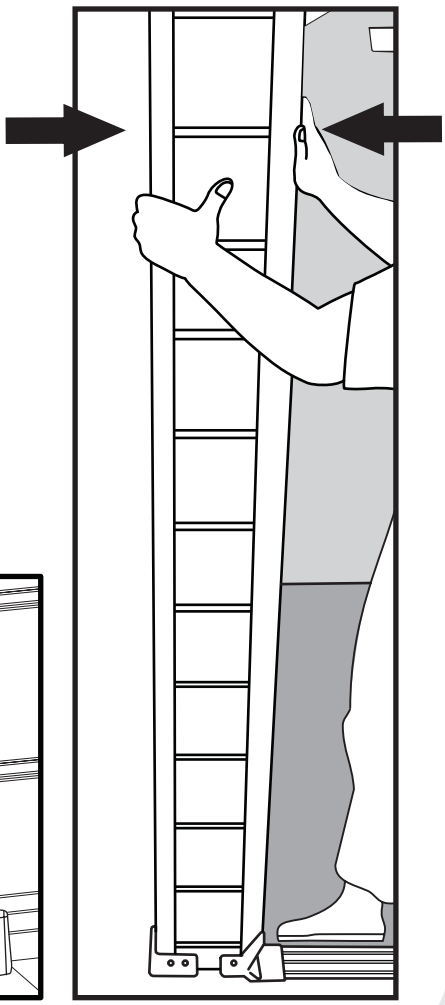
* • Self-drilling screw
• Vis auto-foreuse
• Tornillo de auto-atornillado
• Selbstbohrende schraube
• Zelf tappende schroef
• Vite autofilettante
• Parafuso autorroscante

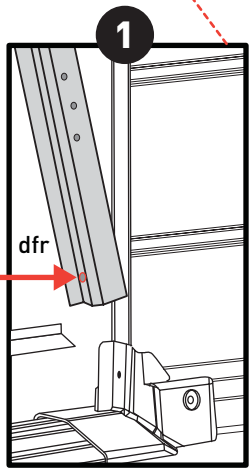


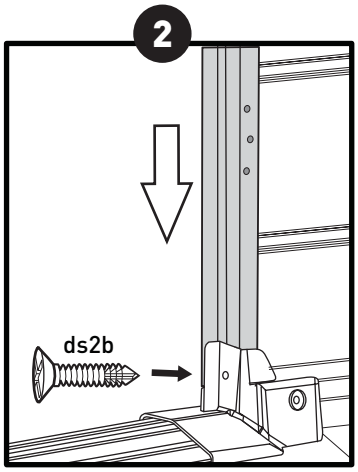
- Use a powerful electric screwdriver. The screw should drill itself to a metal profile
- Utilisez un tournevis électrique puissant. La vis doit percer elle-même une tablette de métal
- Use un destornillador eléctrico potente. El propio tornillo debería perforar el contorno de metal.
- Verwenden Sie bitte einen leistungsstarken, elektrischen Schraubenzieher. Die Schraube soll sich in das Metallprofil hineinschrauben, ohne vorzubohren.
- Gebruik een krachtige electrische schroevendraaier. De schroef moet zichzelf in een metalen profiel boren
- Usare un cacciavite elettrico con buona potenza. La vite si filetterà automaticamente nel profilo metallico
- Utilize uma chave de fendas elétrica potente. O parafuso deve atarrachar-se num contorno de metal

- Ensure that the aluminum profile is fully down
- Assurez-vous que la tablette d'aluminium va bien jusqu'en bas
- Asegúrese de que el contorno de aluminio esté completamente abajo
- Vergewissern Sie sich, dass das Aluminium-profil vollständig abgesetzt ist
- Verzeker u ervan dat het aluminium profiel helemaal naar beneden is
- Assicurarsi che il profilo in alluminio sia completamente in fondo
- Certifique-se de que o Contorno de Alumínio está Completamente Assente









- This hole faces out and downwards
- Ce trou fait face à l'extérieur vers le bas
- Este agujero mira hacia afuera y hacia abajo
- Dieses Loch zeigt nach außen und abwärts
- Dit gat moet naar buiten en naar beneden wijzen
- Questo buco va rivolto verso il basso e verso l'esterno
- Este Orifício fica Virado para Fora e para Baixo

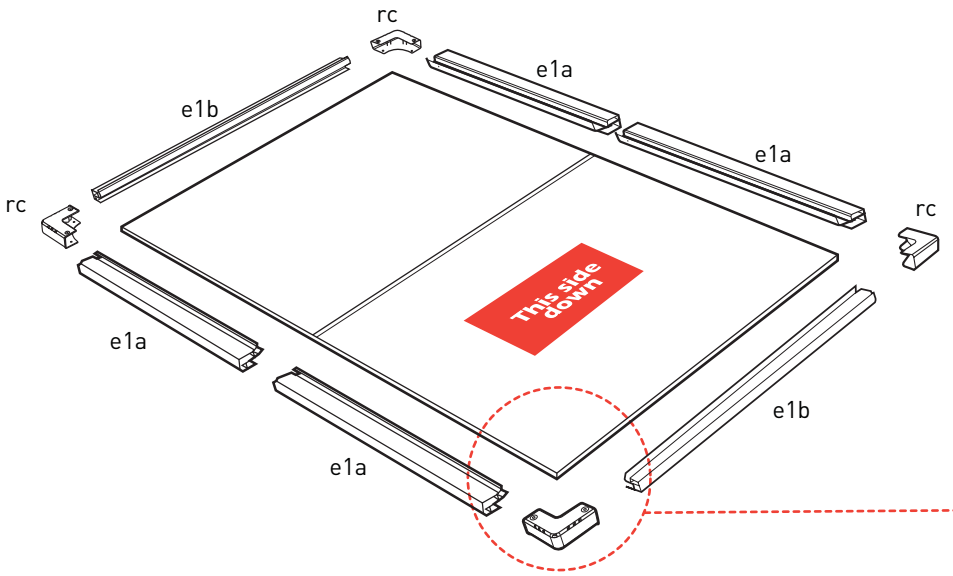
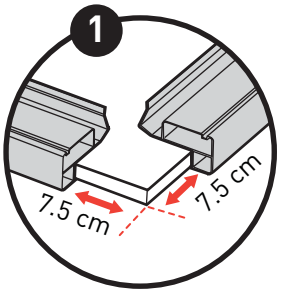
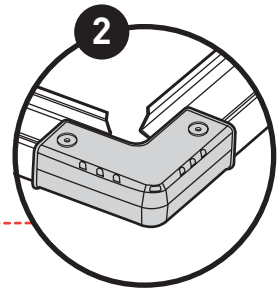
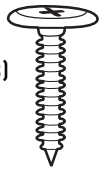
32

- Note: The roof fold line and the "This side down" label must be facing up as seen depicted in this figure
- La pliure du toit et l'étiquette « This Side Down » doivent être tournées vers le haut comme le montre cette figure
- La línea de doblez del techo y la etiqueta "This side down" deben estar hacia arriba como se puede ver en esta imagen
- Die Knickkante des Daches und der „This Side Down"-Aufkleber müssen wie im unteren Bild dargestellt nach oben zeigen
- De vouwlijn van het dak en het "This Side Down" label moeten naar boven liggen, zoals te zien is op de afbeelding
- La piega del tetto e l'etichetta "This Side Down" devono essere rivolti verso l'alto come Indicato In questa figura
- A Linha do Vinco do Telhado e a Etiqueta "This side down" Devem Estar Viradas Para Cima Como Ilustrado Nesta Figura



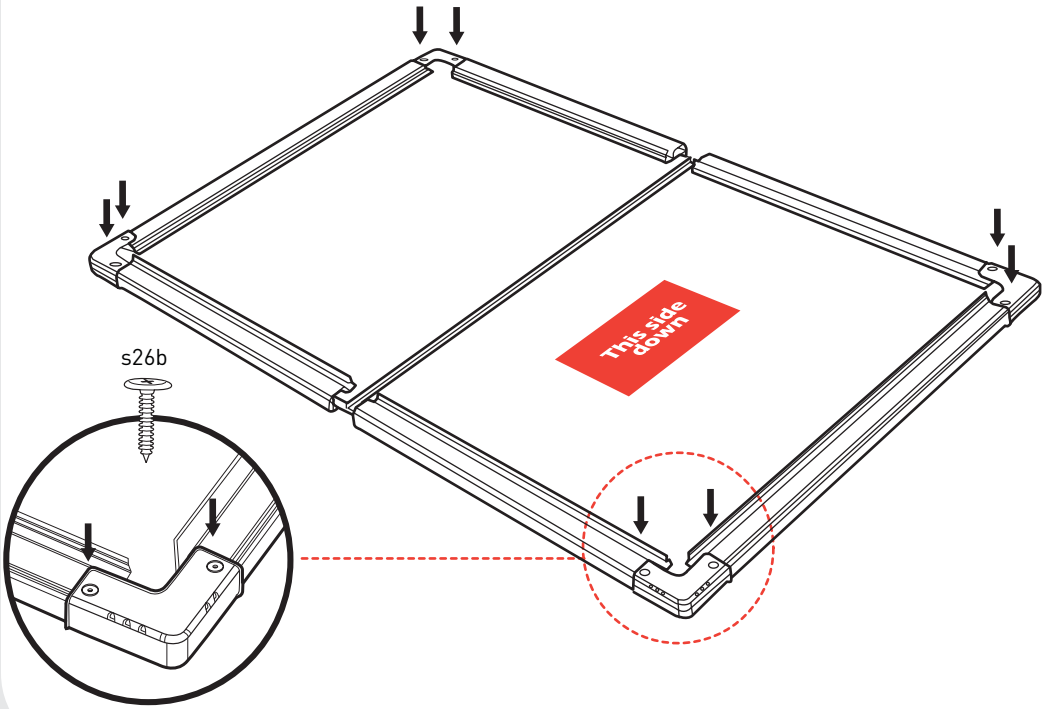


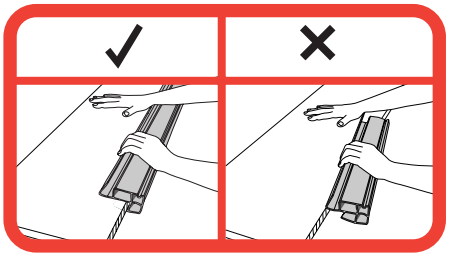




s26b (x8)
26mm

33





- Fully fit the panel inside the profile
- Fixez entièrement le panneau dans la découpe
- Coloque completamente el panel dentro del perfil
- Passen Sie das Panel genau und akkurat in das Profil ein
- Plaats het paneel volledig in het profiel
- Inserire correttamente il pannello all'interno delle guide
- Encaixe totalmente o painel dentro do contorno

34

- Turn the roof panels upside-down
- Retournez les panneaux du toit
- Coloque boca abajo los paneles del tejado
- Drehen Sie die Dachelemente herum
- Keer de dakpanelen om
- Girate Il Pannello Del Tetto Sottosopra
- Vire os Painéis do Telhado de Cabeça para Baixo

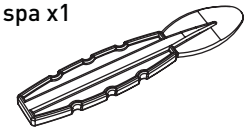
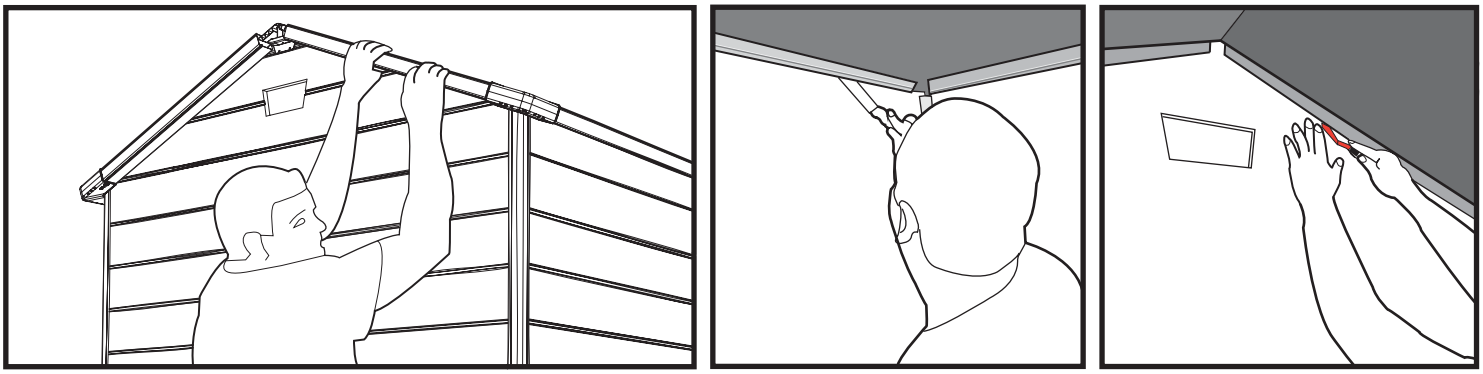
spa x1



- Use spatula (part "SPA") for easier insertion of panel into profile
- Utilisez la spatule (partie « SPA ») pour une meilleure insertion du panneau dans le profil
- Utilice una espátula (pieza "SPA") para una mejor inserción del panel en el perfil
- Benutzen Sie den Spachtel (Bezeichnung „SPA"), um die Platten leichter in die Nut einführen zu können
- Gebruik spatel (onderdeel SPA) voor het gemakkelijk invoeren van het paneel in het profiel
- Utilizzare la spatola (parte SPA) per inserire il pannello più facilmente nel profilo
- Utilize uma espátula (peça "SPA") para facilitar a inserção do painel no perfil

37



- Ensure roof is set fully down; use spatula tool as shown in the figure
- Assurez-vous que le toit est bien entièrement posé ; utilisez la spatule comme le montre la figure
- Asegúrese de que el techo esté completamente encajado abajo; utilice la espátula como lo muestra la figura
- Vergewissern Sie sich, dass das Dach vollständig aufgesetzt ist Benutzen Sie den Spachtel wie in der Zeichnung dargestellt
- Verzeker u ervan dat het dak volledig naar beneden is; Gebruik het spatelwerktuig zoals getoond op de afbeelding
- Assicurati che il tetto sia completamente inserito fino in fondo. Usa la spatola come mostrato in Figura
- Certifique-se de que o telhado está completamente ajustado; Utilize a espátula como indicado na figura

OPTION | OPCIÓN **| OPTIE |** OPZION **| OPÇÃOE**

- It is highly recommended to secure the shed to an immovable object or to the ground by drilling holes in the floor at the pre-marked locations and inserting proper screws into the ground (size: 1.9''-3'' ,screws are not included).
- Il est fortement recommandé de fixer l'abri vers un objet statique ou vers le terrain par les trous de forage dans le sol aux endroits pré-marqués et insérer correctement les vis dans le sol (taille: 1,9"-3", les vis ne sont pas inclus).
- Se recomienda especialmente afirmar el cobertizo a un objeto inmóvil o al suelo, haciendo perforaciones en el piso, en los lugares previamentemarcados, e insertando los tornillos apropiados en el suelo (tamaño: 1,9''-3''. L os tornillos no vienen incluidos).
- Es wird strengstens empfohlen, den Schuppen an ein unbewegliches Objekt oder am Boden zu verankern. Dies geschieht durch Bohren von Löchern an den markierten Stellen und das Verankern am Boden durch die richtigen Schrauben (Größe 1.9"-3", die Schrauben sind nicht im Lieferumfang).
- Het wordt ten zeerste aangeraden het schuurtje aan een onverplaatsbaar object of aan de grond te bevestigen door op de voorgemarkeerde locaties gaten in de grond te boren en de geschikte schroeven in de grond te plaatsen (afmeting: 1.9''-3'', schroeven zijn niet inbegrepen).
- Si consiglia vivamente di fissare il capanno su un oggetto immobile o sul terreno effettuando dei fori sul pavimento nelle posizioni precedentementecontrassegnate e inserendo le viti adeguate nel terreno (dimensioni: 1.9''-3'', le viti non sono incluse).
- Recomenda-se vivamente que fixe o abrigo a um objecto inamovível ou ao chão, efectuando orifícios no fundo do mesmo, nos locais previamentemarcados e inserindo os parafusos adequados no chão (tamanho: 1.9-3 polegadas, parafusos não incluídos).

GARANTIE LIMITÉE DE 5 ANS

Renommé pour l'excellence de ses produits, KETER a bâti sa réputation sur son engagement sans faille pour la qualité, le design et l'innovation. L'ensemble de la gamme d'abris et de rangements est fabriqué à partir de matériaux de grande qualité selon des processus de contrôle et de surveillance rigoureux. Veuillez noter que nos articles sont produits à partir des meilleures matières premières, elles sont exemptes de substances toxiques et entièrement recyclables. Dans le cas où vous rencontreriez un problème, veuillez le signaler à notre service clients par téléphone ou à travers notre site web : www.keter.com. La garantie limitée est valable à compter de la date d'achat et avec un document daté attestant de l'achat. Un reçu doit être présenté sur demande. KETER effectue régulièrement des tests de résistance et de stabilité sur ses produits et remplacera, à sa seule discrétion, toute pièce ou produit défectueux en raison d'un défaut de structure, de fabrication ou d'altération de couleur pendant une période de 5 ans à compter de la date d'achat.

Exclusions de la garantie limitée : La garantie limitée n'est pas applicable en cas de stockage ou d'assemblage incorrect, d'utilisation inappropriée, d'erreurs de manipulation, d'altération ou de nettoyage avec des méthodes ou des détergents inadaptés. La garantie limitée ne couvre pas l'usure normale, les coupures ou éraflures, ni les dommages causés par les chocs ou les accidents. La garantie limitée ne couvre pas les dommages indirects ou secondaires. La garantie limitée ne s'applique pas aux dommages résultant des "forces de la nature" telles que grêle, tempête, tornade, ouragan, inondation, incendie, etc. La garantie limitée est au bénéfice du premier acheteur du produit et n'est pas transférable. L'utilisation des produits KETER s'entend pour un usage privé et non pas commercial ou publique quel qu'il soit. Toute utilisation de ce type entraînera l'annulation de la garantie limitée. Après dépôt d'une réclamation, la période de garantie continue à courir et prend fin à la date d'expiration prévue à l'origine. Veuillez conserver votre reçu et ce manuel d'instructions pour de futures demandes auprès de notre service clients.

PRÉCAUTIONS ET SÉCURITÉ

- **En cas d'incendie, ne pas t enter d'ét eindre le POL Ypropylène brûlé avec de l'eau | Ne convient pas pour le stockage de substances inflammables ou caustiques**
- Ilest impératif de monter toutes les parties selon les instructions. N e pas omettre une quelconque étape.
- Veuillez consulter les autorités locales de votre commune pour savoir si un permis est nécessaire à la construction de votre remise.
- Vérifiez régulièrement la stabilité de votre remise et l'horizontalité de son site de construction.
- Il est fortement recommandé de fixer l'abri vers un objet statique ou vers le terrain par les trous de forage dans le sol aux endroits pré-marqués et insérer correctement les vis dans le sol (taille: 1,9"-3", les vis ne sont pas inclus).
- Portez des lunettes de protection et suivez toujours les instructions du fabricant lorsque vous utilisez des outils électriques.
- Lavez la remise au tuyau d'arrosage ou avec un détergent doux. Utiliser une brosse dure ou un produit d'entretien abrasif risquerait de l'endommager.
- Des objets chauds tels que des grils non refroidis, des chalumeaux, etc. ne doivent pas être entreposés dans la remise.
- Ne pas déposer d'objets lourds contre les parois afin d'éviter tout risque de déformation.
- Maintenez le toit propre et dégagé de neige et de feuilles. D e lourdes quantités de neige sur le toit peuvent abîmer la remise et rendre dangereux l'accès à l'intérieur.
- Bien que la direction du vent change, il est important de prendre en compte où l'abri est posé. C ependant, il est recommandé de réduire l'exposition de l'abri au vent en général, et de la porte latérale en particulier.
- Veillez à fermer les portes à clef pour éviter tout dégât provoqué par le vent.
- Ne montez jamais sur le toit.
- Abri non conçu pour habitation.
